- 2007 - 2010 **B.Sc.** Industrial Engineering and Management
- 2001 - 2004 **NATURAL SCIENCE**  
SKF's High School of Technology - Gothenburg, Sweden

## ABOUT ME

I am an enthusiastic and curious fullstack developer who enjoys expressing creativity through programming. My background as an engineer and former IT project manager has given me a strong ability to solve problems, work in a structured way, and understand how technology and business fit together in real-world systems. I combine technical competence with curiosity and reliability, and I enjoy working collaboratively in team environments where learning, quality, and long-term thinking matter.

## SKILLS

React, Next.js, TypeScript, Tailwind CSS  
Vue, Nuxt.js, HTML, CSS  
Node.js, C# (.NET), SQL, REST  
Jest, Cypress  
Jenkins, Docker, Git, Render, Azure  
Figma, FigJam, Jira & Confluence

## CERTIFICATES & MERITS

Professional Scrum Master (PSMI)  
ITIL Foundation in Service Management  
Project Management Professional (PMP)  
PRINCE2 Foundation in Project Management

## LANGUAGES

Swedish (Bilingual)  
English (Full Professional)  
Serbo-Croatian (Professional)  
German (Elementary)
